Strachan Bathroomware takes all care when compiling information sheets but accepts no liability either directly or indirectly from the use of such information.

Maintenance

It is recommended that after using your bath, clean with a soft cloth and warm soapy water to wash away any body oils or soap residue.

In the case of spa baths we recommend at least once a week the jets and pipes should be flushed through using a reputable spa cleaning product. If your spa bath is used frequently, we recommend cleaning more often. Do not use powders, pastes, cream cleaners, thinners, window cleaning sprays or dry cleaning liquid, etc.

Stubborn marks or fine scratches may be removed by rubbing in a gentle circular motion with metal polish and a light buffing with a quality car polish.

Warranty

All baths come with the manufacturer's warranty. The warranty covers the acrylic shell against defects in material and workmanship. Broadway baths and spa baths that have been incorrectly installed, modified or spa-ed by any person(s) other than Broadway Bathroomware are not covered under warranty.
